

# Captain Jack's DeadBug Brew®

Captain Jack's DEADBUG BREW® contains Spinosad "spin-OH-sid" a naturally occurring soil dwelling bacterium that was collected on a Caribbean island from an abandoned rum distillery in 1982.

DEADBUG BREW® kills bagworms, borers, beetles, caterpillars, codling moth, gypsy moth, loopers, leaf miners, spider mites, tent caterpillars, thrips and more!

Use On fruits, vegetables, berries, citrus, grapes, nuts and ornamentals.
