BONIDE®

Ladybug Control

Total Pest Control - Indoor

#634 / 12 - 5.4 oz.

- This potent synthetic Pyrethroid not only kills, but also repels insects, including ladybugs, for up to 4 weeks.
- Mixed with water, this concentrate makes a spray to be used indoors from basement to attic and on the outside of your house from the eaves to the ground. Pay special attention to the South side of the house, places where there are clusters and cracks and crevices where entry to the house are likely.
- Makes one gallon of spray for control of heavy infestations.
- Makes 2 gallons for maintenance purposes and lighter infestations.
- One gallon covers 800 sq. ft.
- Mix and apply with tank sprayer.
- Now comes from our warehouse as shown (left) with sticker applied.
- Restricted in N.Y.S.

Home Pest - Household Insect Control

#527 / 12 - Qt.

#530 / 4 - Gal.

This Ready-to-Use insecticide contains Deltamethrin .02%, a new advanced, third generation pyrethroid. Odorless and waterbased. Great for indoor and outdoor control of any biting, stinging, flying, crawling, chewing, rasping, buzzing little nuisance bugs. Insects coming to rest on treated surfaces will be killed.
