EPA Reg. No. 4-382

Buyers Guarantee limited to label claims.

Bonide Products, Inc.

6301 Sutliff Road

Oriskany, NY 13424

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

HOSE END SPRAYER: Easy to Use

Make sure knob control lever is in the OFF position. Shake well and attach to hose. Turn water on at faucet, aim nozzle toward lawn and turn knob control lever to ON to begin spraying. When finished turn Control lever to OFF position. Turn faucet to OFF position. Discharge residual water pressure by turning ON and OFF again. Store out of reach of children.

FOR OUTDOOR PESTS:

To control on contact ants, asian lady beetle, boxelder bug, clover mites, centipedes, cockroaches (including German and Asian cockroaches), crickets, earwigs, firebrats, millipedes, palmetto bugs, pillbugs, scorpions, silverfish, sowbugs, spiders, springtails, and ticks. Use at the rate of 1 gallon (diluted spray) per 1,000 square feet to outside surfaces of building, porches,

patios, garages and other areas where these pests have been seen or are found. Do not spray in or near fish ponds or other bodies of water. Do not allow spray to contact ornamental plants or shrubs because of possible injury.

This one quart (32 fl.oz.) container covers 16,000 sq.ft. (100' x 160')

BUILDING PERIMETER TREATMENT: To help prevent infestations of buildings by ants, asian lady beetle, boxelder bug, centipedes, crickets, earwigs, firebrats, fleas, millipedes, palmetto bugs, pillbugs, scorpions, silverfish, sowbugs, spiders, springtails, and ticks, treat a 12– 18 inch band of soil or other substrate adjacent to building and the building foundation to a height of 2 to 3 feet where these pests are active and may find entrance.

This one quart (32 fl. oz.) container will treat a 3 foot wide area for a length of 667 feet (3' x 667').

LAWN FLEA AND TICK CONTROL

To kill fleas and ticks harboring in lawns and backyards, use this hose-end sprayer. Attach and spray as recommended.

For best results, lawn should be mowed a day or two before spraying.

Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface. Spray under ornamentals and trees, but avoid soaking young or flowering plants. Repeat treatments may be necessary at 7 to 14 day intervals. Kills on contact with Ixodes dammini tick (deer tick), which may transmit lyme disease. Also kills foraging fire ants upon direct contact. A registered fire ant mound treatment should also be used in conjunction with this product.

Keep pets and children out of treated areas until after the spray has dried. Do not spray animals. Dogs, cats, their kennel or bedding area should also be treated with a registered flea and tick control product in conjunction with application. This one quart (32 fl.oz.) container covers 16,000 sq.ft. (100' x 160')

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes skin irritation and moderate eye irritation. Do not get on skin, eyes or clothing. Harmful if inhaled or absorbed through the skin. Avoid breathing vapor or spray mist. Wash with soap and water after handling. Remove contaminated clothing and wash before reuse. Avoid contamination of food and feedstuffs.

Environmental Hazards

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites. Do not contaminate water when disposing of equipment washwaters.

Physical Or Chemical Hazards

Do not use or store near heat or open flame.

STORAGE AND DISPOSAL

Storage: Store in a cool dry area inaccessible to children or pets. Store and transport in upright position. **Disposal: If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or [1-800-CLEANUP or www.cleanup.org] for disposal instructions. Never place unused product down any indoor or outdoor drain.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information Center at 1-800-858-7378 for emergency medical information.

If swallowed:	Call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If in eyes:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on skin or clothing:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If inhaled:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN

Contains petroleum distillate - vomiting may cause aspiration pneumonia.
