

SAY "HELLO" TO MELO

We we wanted to give you an upclose and personal look at the type of menace planning to go crazy on your customers lawn this summer. Meet *Melolontha Vulgaris*, the May Bug Grub. And while you're getting this quick lesson in insects, Melo is moving closer to the tasty roots of Mrs Smith's prized front lawn.

So why wait. Stock up today on Bonide's ANNUAL-Grub Beater with 0.5% Imidacloprid. Right now your local Bonide distributor has some strong incentives that will make it a very attractive business decision and one Mrs Smith will thank you for. Ask your distributor or local Bonide representative for details today.

Available in 5M
and 15M bags.
