Pint

READ ENTIRE LABEL PRIOR TO USE!

Prevent excessive moisture loss when Christmas trees and greens are cut. WILT STOP® forms a protective coating which holds moisture in on plant foliage reducing water loss. WILT STOP® forms a clear flexible film, reducing moisture loss. Only one application is typically needed.

INSTRUCTIONS

SHAKE WELL BEFORE USING. SPRAY TOPS AND BOTTOMS OF LEAVES, NEEDLES AND STEMS TO RUN-OFF.

CHRISTMAS TREES, WREATHS AND GREENS

Spray cut or live plants before bringing indoors.

CUT FLOWERS

Spray to extend their freshness and beauty.

HOUSEPLANTS

Spray houseplant to reduce water requirements.

TIPS AND PRECAUTIONS

Keep out of reach of children.

Store and transport in a sealed and upright position.
