**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS**

For terrestrial uses: Do not apply directly to water, or to areas where water is present or to tidal waters. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

---

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply this product in occupied patient rooms or in any rooms/areas where patient or laboratory animals are present; the elderly or infirm; Do not apply in classrooms when in use.Do not apply to institutions (including libraries, sports facilities, etc.) in the immediate area when occupants are present. Do not use in serving areas while food is exposed or facility is in operation. Special attention should be paid to areas where pets are found or may occur. Avoid contamination of food and feedstuffs. Cover should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food handling surfaces.

**CONTACT APPLICATION:** Contact as many insects as possible with this spray in addition to spot spraying all parts of the room suspected of harboring these pests. Special attention should be paid to hiding places such as beneath sinks, behind and beneath stoves and refrigerators, along baseboards, carpeting, under baseboards, and cabinets. Avoid treating water sinks, floors, and drains, pipes, plumbing, and other bookcases, cabinets, and other utility installation areas, contacting as many insects with spray whenever possible.

To Kill Ants and Centipedes: Spray ant trails and the places where these pests come into the building. Do not apply while food processing is underway. Cover or remove all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelves, equipment, etc., where exposed food will be handled must be wiped with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment. Non-food areas are areas such as garage rooms, laundry, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).
