GENERAL INFORMATION

Home Safe™ Household Insect Killer is fast acting and controls household insects including ants, crickets, flies, gnats, spiders, earwigs, midges, mites, millipedes, moths, silverfish, stink bugs, and waterbugs. It can be used in areas including cracks and crevices in walls/cabinets, beneath and behind built-in appliances, sinks, cabinets, around plumbing pipes, garbage cans, dark corners of rooms and closets, window frames and doorways and in attics, basements, around the foundation and in crawl spaces. This product contains plant oils which are inherently fragrant. For people who are fragrant sensitive, test a small area before using over a large area.

DIRECTIONS FOR USE

No mixing required. Shake well before using. Turn nozzle to ON position and hold spray container 10-12 inches away from surface. Spray directly onto insects and to areas where insect pests are found or normally occur. Spray until wet but not soaking. If applying in pantry area, remove items from pantry and allow surface to dry before returning the items to the pantry. Test an inconspicuous sample of fabric or rug for staining before use. Repeat as necessary.

OUTDOOR USE

Apply along the foundation, around window frames and doorways, around vents and utility line entry points and along eaves. Spray until thoroughly and uniformly wet. Contact as many insects as possible. For ants, thoroughly wet hills and runways. Contact as many insects as possible.

This product is exempt from registration with the Federal EPA under section 25(b) of FIFRA, and as such, is not registered with the Environmental Protection Agency. Bonide represents that the ingredients qualify for exemption from registration under FIFRA.

STORAGE AND DISPOSAL

Store and transport in an upright position. Turn nozzle off to close. Store only in original container, in a dry place inaccessible to children and pets. Do not reuse empty container. Discard empty container in trash.

Other Precautions: Do not apply directly to water. Not for aquatic use. Not for food use.

FIRST AID

Wash thoroughly with soap and water after handling.

Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with plenty of water. In case of skin irritation, wash area thoroughly with soap and water. Seek medical attention if irritation persists.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with label directions.
