**FIRST AID**

- **If In Eyes:**
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Continue rinsing eye if irritation persists.

- **If Inhaled:**
  - Call a poison control center or doctor for treatment advice.

- **If on Skin or Clothing:**
  - Do not give anything by mouth to an unconscious person.
  - Rinse skin immediately with plenty of water for 15-20 minutes. Continue rinsing if irritation persists.

- **If Swallowed:**
  - Call a poison control center or doctor for treatment advice.

- **If in Eyes:**
  - Have the product container or label with you when calling a poison control center or doctor.

- **If Inhaled:**
  - Remove person to fresh air.
  - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- Harmful if swallowed, inhaled or absorbed through skin.

**C.A.U.T.I.O.N.**

- Do not apply this product to lawns which will be used for food or bedding for livestock, poultry, or other farm animals.
- Do not contaminate water, food, or feed by storage or disposal. Wash hands thoroughly with soap and water after handling. Avoid breathing dust. Wash thoroughly with soap and water if skin or clothing become contaminated. Remove contaminated clothing. Wash hands before eating, drinking, or smoking. Avoid contact with eyes, skin, or clothing. For disposal, see container disposal instructions.

**DIRECTIONS FOR USE**

- **Application:**
  - Apply anytime moss is actively growing and soil is moist. Sprinkle granules over the mossy area. Immediately mow the area to allow for good coverage.

- **Amount to Apply:**
  - For normal infestations of moss, apply this product at the rate of 4 pounds per 1,000 sq.ft. A 20 lb. bag will cover 5,000 sq.ft.
  - For heavy infestations of moss, apply at the rate of 8 pounds per 1,000 sq.ft. A 20 lb. bag will cover 2,500 sq.ft.

- **Application Rates by Product:**
  - **MOSSMAX**
    - **Rate of Application:**
      - 4# per 1,000 sq ft (first application)
      - 2# per 1,000 sq ft (second application)
  - **Precautionary Statements:**
    - Apply to the soil at the specified rate. Do not apply directly to flowers, ornamental shrubs, or garden. Granules may burn delicate foliage if applied directly to flowers and ornamental shrubs. Apply this product when the lawn is moist. Mow before application, to better expose existing lawn grass the opportunity to fill in and reclaim the lawn. Rainfall prediction for the next 24 hours will help to ensure that wind and rain do not wash pesticide off the treatment area. Do not apply directly to water. Do not contaminate water, food or feed by storage or disposal. Wash hands thoroughly with soap and water after handling. Avoid breathing dust. Wash thoroughly with soap and water if skin or clothing become contaminated. Avoid contact with eyes, skin, or clothing. For disposal, see container disposal instructions.

**Pesticide Storage:**

- Store in a cool, dry place inaccessible to children.

**Container Disposal:**

- Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**Rates of Application by Equipment:**

**Use on Lawns, Around Flowers, Ornamental Shrubs**

- **Turns lawns a deep green**
- **See results in hours**

**EPA Reg No.**

- 4-480
**DIRECTIONS FOR USE**

- **For normal infestations of moss, apply this product at the rate of 1 pound per 1,000 sq. ft.** A 20 lb. bag will cover 5,000 sq. ft. For heavy infestations of moss, apply at the rate of 8 pounds per 1,000 sq. ft. A 20 lb. bag will cover 8,000 sq. ft.

- Lawn moss thrives in damp, shady areas where the soil is acidic and drainage may be poor. If steps are not taken, moss can spread and take over a lawn. This product will quickly kill lawn moss, giving you the lawn grass the opportunity to fill in and reclaim the lawn.

- **For best results, apply this product when the lawn is moist.** More application, water, warm, sunny days until the moss turns black and dies, then gently rake it out.

- **IMPORTANT:** This product can burn delicate foliage if applied directly to flowers and ornamental shrubs. If contact does occur, use a garden hose to wash the product off of the plants immediately.

- **As A Spot Treatment In LAWNS and around Ornamental Shrubs and Flowers:** Apply anytime moss is actively growing and soil is moist. Sprinkle granules over the mossy area. Immediately following application, water. Warm, sunny days until the moss turns black and dies, then gently rake it out.

- **Use on lawns, around flowers, ornamental shrubs**... 

- **In accordance with directions given herewith.**

- **Do not use this product in a manner inconsistent with its labeling.**
