READ THE LABEL FOR APPLICATION INSTRUCTIONS AND PRECAUTIONS PRIOR TO USE.

This product is exempt from registration with the Federal EPA under section 25(b) of FIFRA, and as such, is not registered with the Environmental Protection Agency. Bonide represents that the ingredients qualify for exemption from registration under FIFRA.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USING.

This product is a contact, non-selective, broad spectrum, foliar applied grass and weed killer. It will only control actively growing emerged green vegetation. It is effective on annual, perennial and grassy weeds. This product does not translocate and will affect only those plants that are covered with the spray solution. Use along borders, on driveways, sidewalks, around mature tree bases, around buildings, along fence lines, around barns, in greenhouses, school grounds, flowerbeds and other areas where weed control is desired.

Spray to the point of run-off, making sure that all of the foliage is wet. Repeat application may be necessary if new growth appears.

Multiple applications will be required for control of larger weeds, or weeds that are stressed due to lack of moisture or high temperatures. Best results are achieved from spring/early summer applications to actively growing young vegetation. Only contacted vegetation will be affected. Rainfall within one hour after application will reduce effectiveness, and will have to be re-applied. People, pets and other animals may re-enter a treated area after the application has dried.

Avoid application to reactive metals such as aluminum, tin, iron, or items such as fencing or lawn furniture in order to prevent staining, mottling, or otherwise interfering with finished metal surfaces. Do not apply this product through any type of irrigation system.

NOTE: All contacted vegetation will be affected. Avoid contact with desirable vegetation. If product contacts desirable vegetation, wash off immediately with water.

TYPICAL VEGETATION CONTROLLED, BUT NOT LIMITED TO:

<p>Annual Broadleaf Weeds Amaranthus sp. (Pigweed), Black Medic, Carpetweed, Common Chickweed, Cinquefoil (Rough), Groundsel, Hairy Bittercress, Henbit, Prostrate Knotweed, Lamb's Quarters, Mallow, Mustard spp., Oxalis spp., Purslane, Ragweed spp., Corn Speedwell, Prostrate Spurge, Vervain</p>	<p>Perennial Broadleaf Weeds Clover, Cinquefoil (Silvery), Dandelion, Mouse Eared Chickweed, Ground Ivy, Toadflax, Tufted Vetch, Wild Carrot</p>
<p>Annual Grasses Barnyard Grass, Crabgrass, Foxtail spp., Goose Grass, Poa Annua (Annual Bluegrass), Wild Oat</p>	<p>Perennial Grasses Bluegrass, Quackgrass, Fescue</p>

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep from freezing. Store only in original tightly sealed container and out of reach of children.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container (bottle). Rinse thoroughly before discarding in trash.

FIRST AID

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

IF IN EYES:

Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.

IF SWALLOWED:

Call a doctor or get medical attention. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.

IF ON SKIN:

Wash with plenty of soap and water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND ANIMALS

CAUTION: Causes eye irritation. Wear safety glasses and gloves when applying. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS: Avoid spraying directly into water.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with label directions.
